### CIC Invention Categories

Please place an "X" next to each category aligned to your area(s) of expertise.

Bandwidth/Connectivity Communications Technologies

Biomass Technologies

Biotech/Genetics

Chemistry

Electronics/Computer Hardware

Hydrogen, Fuel, Cells and Infrastructure Technology

Materials Science

Mechanical Engineering

Medical Device or Instrument

Nanotechnology

Optics and Photonics

Pharmaceuticals/Drug Delivery

Software/Information Technology

Wind/Hydropower Technologies

Other

Again, thank you for the expertise and valuable time you lend to the Collegiate Inventors Competition selection process. We will contact you with additional steps after the June 5 deadline.

## NON-DISCLOSURE AGREEMENT

The Collegiate Inventors Competition is committed to protecting the proprietary nature of invention ideas submitted by the student inventors ("the Student") as well as their right to obtain patent protection if they so desire. By signing this Non-Disclosure Agreement ("the Agreement"), and as a condition of my participation as a Judge in the 2017 Collegiate Inventors Competition, a program of the National Inventors Hall of Fame ("the Competition"), I understand, acknowledge, and agree to the following:

I will maintain the confidentiality of the ideas, materials, and plans submitted by Student participants (hereinafter, "Student Entries").

I will not discuss, disseminate, or disclose the substance of or concepts set forth in the Student Entries with anyone other than the Competition judging committee.

I will not use any of the Student Entries I evaluate for my personal gain nor will I share the Student Entries or any information contained therein with any other person, group, or entity for their use or gain.

I am not subject to any agreement or restriction that would limit my ability to maintain confidentiality.

At the close of the evaluation process I will return all copies of the Student Entries, including all of my notes or other work product related thereto, to the Competition.

I am pleased to make this commitment in order to further the goals of the Competition.
